

What information is stored?

- Picture of license plate
- Picture of front or rear of vehicle. (cannot identify driver)
- Date, time, and GPS location

Who has access to the database and for what purpose?

- Law enforcement personnel only
- For investigative purposes only

Where and how long is the information stored?

- On a server located at the Capitol
- The information is stored for one year

Why store the information for one year?

- Stolen Vehicles
- AMBER Alerts
- Murder/Homicide
- Homeland Security

Can personal information be accessed through the stored information?

- No, a search can only be done if the plate is known and DOES NOT include any information such as Name, address, DOB, etc.
- Driver license or DMV data would need to be accessed for that information.

**In *United States v. Wilcox* the court concluded that “Wilcox did not have a reasonable expectation of privacy in the plainly visible license plate and that the officers’ use of the tag reader in this case did not violate the Fourth Amendment.”**

**R877-23V-21. Automated License Plate Recognition System**  
**Pursuant to Utah Code Ann. Section 41-3-105.**

(1) "Automated license plate recognition system" (ALPR) means the computer-based system that utilizes special cameras to capture a color image, as well as an infrared image, of the license plate of a passing vehicle.

(2) "Criminal justice agency" is as defined in Section 53-10-102.

(3) Information in the ALPR system may be retained for a period of one year.

(4) Access to the information obtained from the ALPR system is restricted to:

(a) a criminal justice agency;

(b) a noncriminal justice agency or individual authorized by statute, or commission rule; and

(c) an agency or individual that has an agreement with a criminal justice agency, as authorized by the executive director of the commission.

(5) Information obtained from the ALPR system may be used only for law enforcement purposes.

(6) Information in the ALPR system is a protected record under Section 63G-2-305.
